# Certifications & Registrations

## How important is it in UAE ?

**UAE ; the land of a flourishing economy.**

The elements like discipline, Professionalism, scientific administration and lawfulness play vital roles in the progress of a country's economy.

Business being the threshold, legibility of each and every commercial activities are given serious attention. Business activities are regulated by local laws and universal business principles. Strict care is given while issuing business licenses and special care is given on the quality of goods brought into the market. Health security of products traded, fairness in business practices, follow up of taxation system, Intellectual property rights and principles of international conventions and treaties etc.. are given top importance. Adherence of trade practices with established system is strictly monitored and conformity of standards of goods and services traded in the market with preset policies are strongly ensured. Various Certifications and Registrations are the tools used for such monitoring.

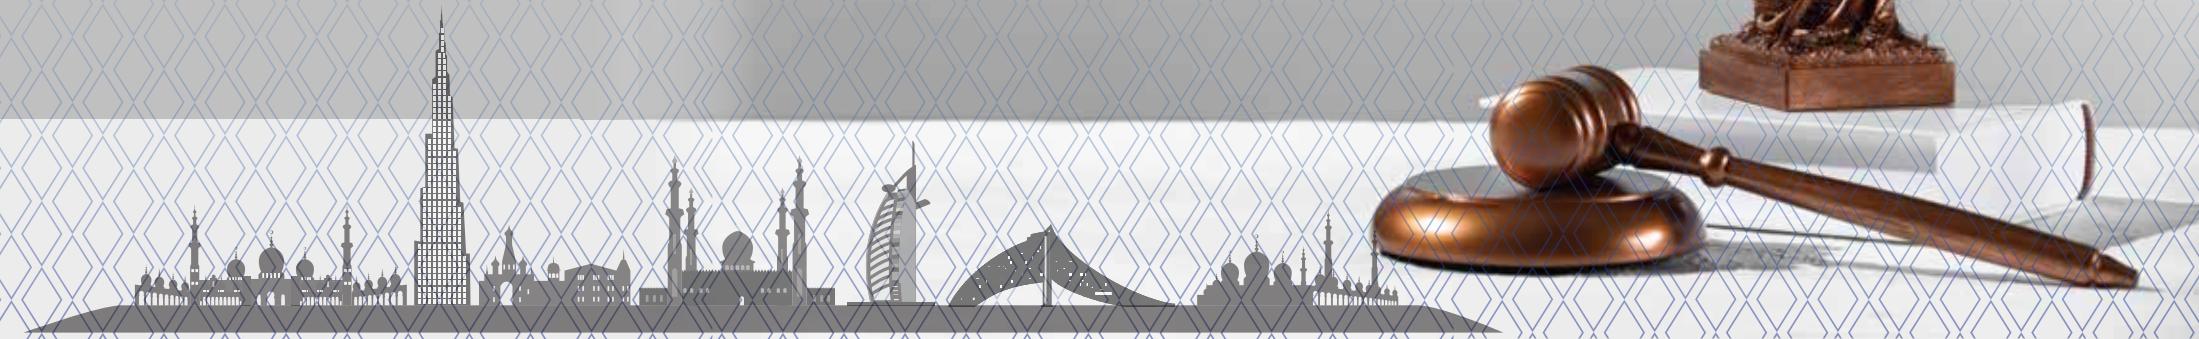

We at **Bis & Juris** offer efficient services in the areas of major and popular registration and certification services.

# Why shall it be subject of Legal Supervision

Registrations & certifications are either **MANDATORY** or **OPTIONAL**. **MANDATORY** registrations (CONFORMITY or COMPLIANCE REGISTRATIONS) are must do registrations. Without this, the commodity concerned shall not be qualified to be traded or used in the market. A successful certification application shall be made complying with all the legal formalities. Nonconformity to the required information will result in rejection of application and will lead to unnecessary wastage of time and effort. **OPTIONAL** registrations are done to protect the civil rights of citizens. This is also done to add value to the goodwill of a business. Examples BRAND REGISTRATIONS & ISO STANDARDIZATION. TRADEMARK, COPYRIGHT, PATENT etc( Copyrights) are matters of LAW and are subject to various local and international laws. The most popular one, TRADEMARK REGISTRATION, is managed by UAE TRADEMARK LAW N.36 of 2021 and other international laws such as PARIS CONVENTION, MADRID PROTOCOL etc. Strict adherence to the relevant provisions of law shall be adopted while registering. Failure to do so will result in loss of IP rights and wastage of money.

3. **ESMA (Emirates Authority for Standardization & Metrology)**

ESMA was established as the sole Standardization Body under Ministry of Industry and Advanced Technology (MoIAT) in the UAE to ensure consumers safety and environmental protection while supporting the UAE economy through the implementation of UAE standards

# INSURANCE

**"INSURANCE"** is passing over the probable risk of financial losses that the entrepreneur foresees in the course of running his business, to an insurance company against a nominal compensation.

Some insurances, like vehicle insurance, are mandatory while some are optional.

In our legal career we have noticed a lot of situations where the entrepreneurs were obliged to give heavy compensation from their pocket for the accidents that happened to their employees, since the employee was not insured against the health or accidents.

Our advice to businessmen is " Prevention is better than cure" and hence to insure all the probable risks, closer or remote and be safe.

We arrange all types of insurances, including but not limited to;

# MUNICIPALITY APPROVALS
